

10,000 years in our Traditional Homeland, Prince William Sound, the Copper River Delta, and the Gulf of Alaska

Environmental Technician

This position uses physical labor to restore environmentally impaired sites. Employees will use a variety of hand and power tools/equipment to expose and remove debris from these sites. In the cleanup of these sites, it may be required to stay overnight or for longer periods of time in remote areas.

The incumbent performs a variety of routine work within established policies and procedures, and receives detailed instructions on new projects and assignments.

Team: Department of Natural Resources
Reports to: Environmental Project Manager
Salary Status: Non-Exempt from Overtime

Salary Range: \$17.00-\$20.00 per hour
Schedule: Full Time, Seasonal, 3-6 months
Last Revised: April 2017

Responsibilities/Duties

- Operate and maintain equipment such as chainsaws, brush cutters and chop saws to remove large debris from land.
- Use hand tools such as machetes and shovels to uncover debris.
- Assist with construction of temporary structures such as cabins and outhouses.
- Assist with removal of potentially hazardous waste.
- Assist with soil and water sampling for hazardous waste.
- Operate and perform light maintenance on small boats.
- Occasional clerical duties such as taking messages and researching supplies.
- Work at remote sites for up to two weeks at a time.
- Other duties as assigned.

Competencies (Knowledge, Skills and Abilities)
